## Make an Impact

The Hawaii Education Association (HEA) is a nonprofit membership organization that brings together teachers and administrators from all sectors: private, public, charter and higher education. By joining this community, you will have the opportunity to engage, support and share ideas with colleagues throughout the state who are passionate about excellence in teaching.

## Serving Educators for 100+ Years

HEA was formed in 1921 as the original statewide advocacy organization for Hawaii teachers. At the 1968 Constitutional Convention, HEA supported the creation of collective bargaining organizations for educators, including The Hawaii State Teachers Association (HSTA), Hawaii Government Employees Association (HGEA), University of Hawaii Professional Assembly (UHPA) and Unit 6. Today, HEA focuses on advocating for teaching as a profession and supporting professional development for educators.

## ^^^ Why Join HEA

### Excel in Your Career

Learn from local and national experts about the latest innovations in education, and advance your expertise and well-being through programs and workshops.

### Connect with Colleagues

Build relationships with fellow educators across the state in your subject area or discipline.

### Uplift the Teaching Profession

Give back through your membership dues and volunteer opportunities to help students explore careers in education and mentor new educators.

### Receive Priority for HEA Scholarships

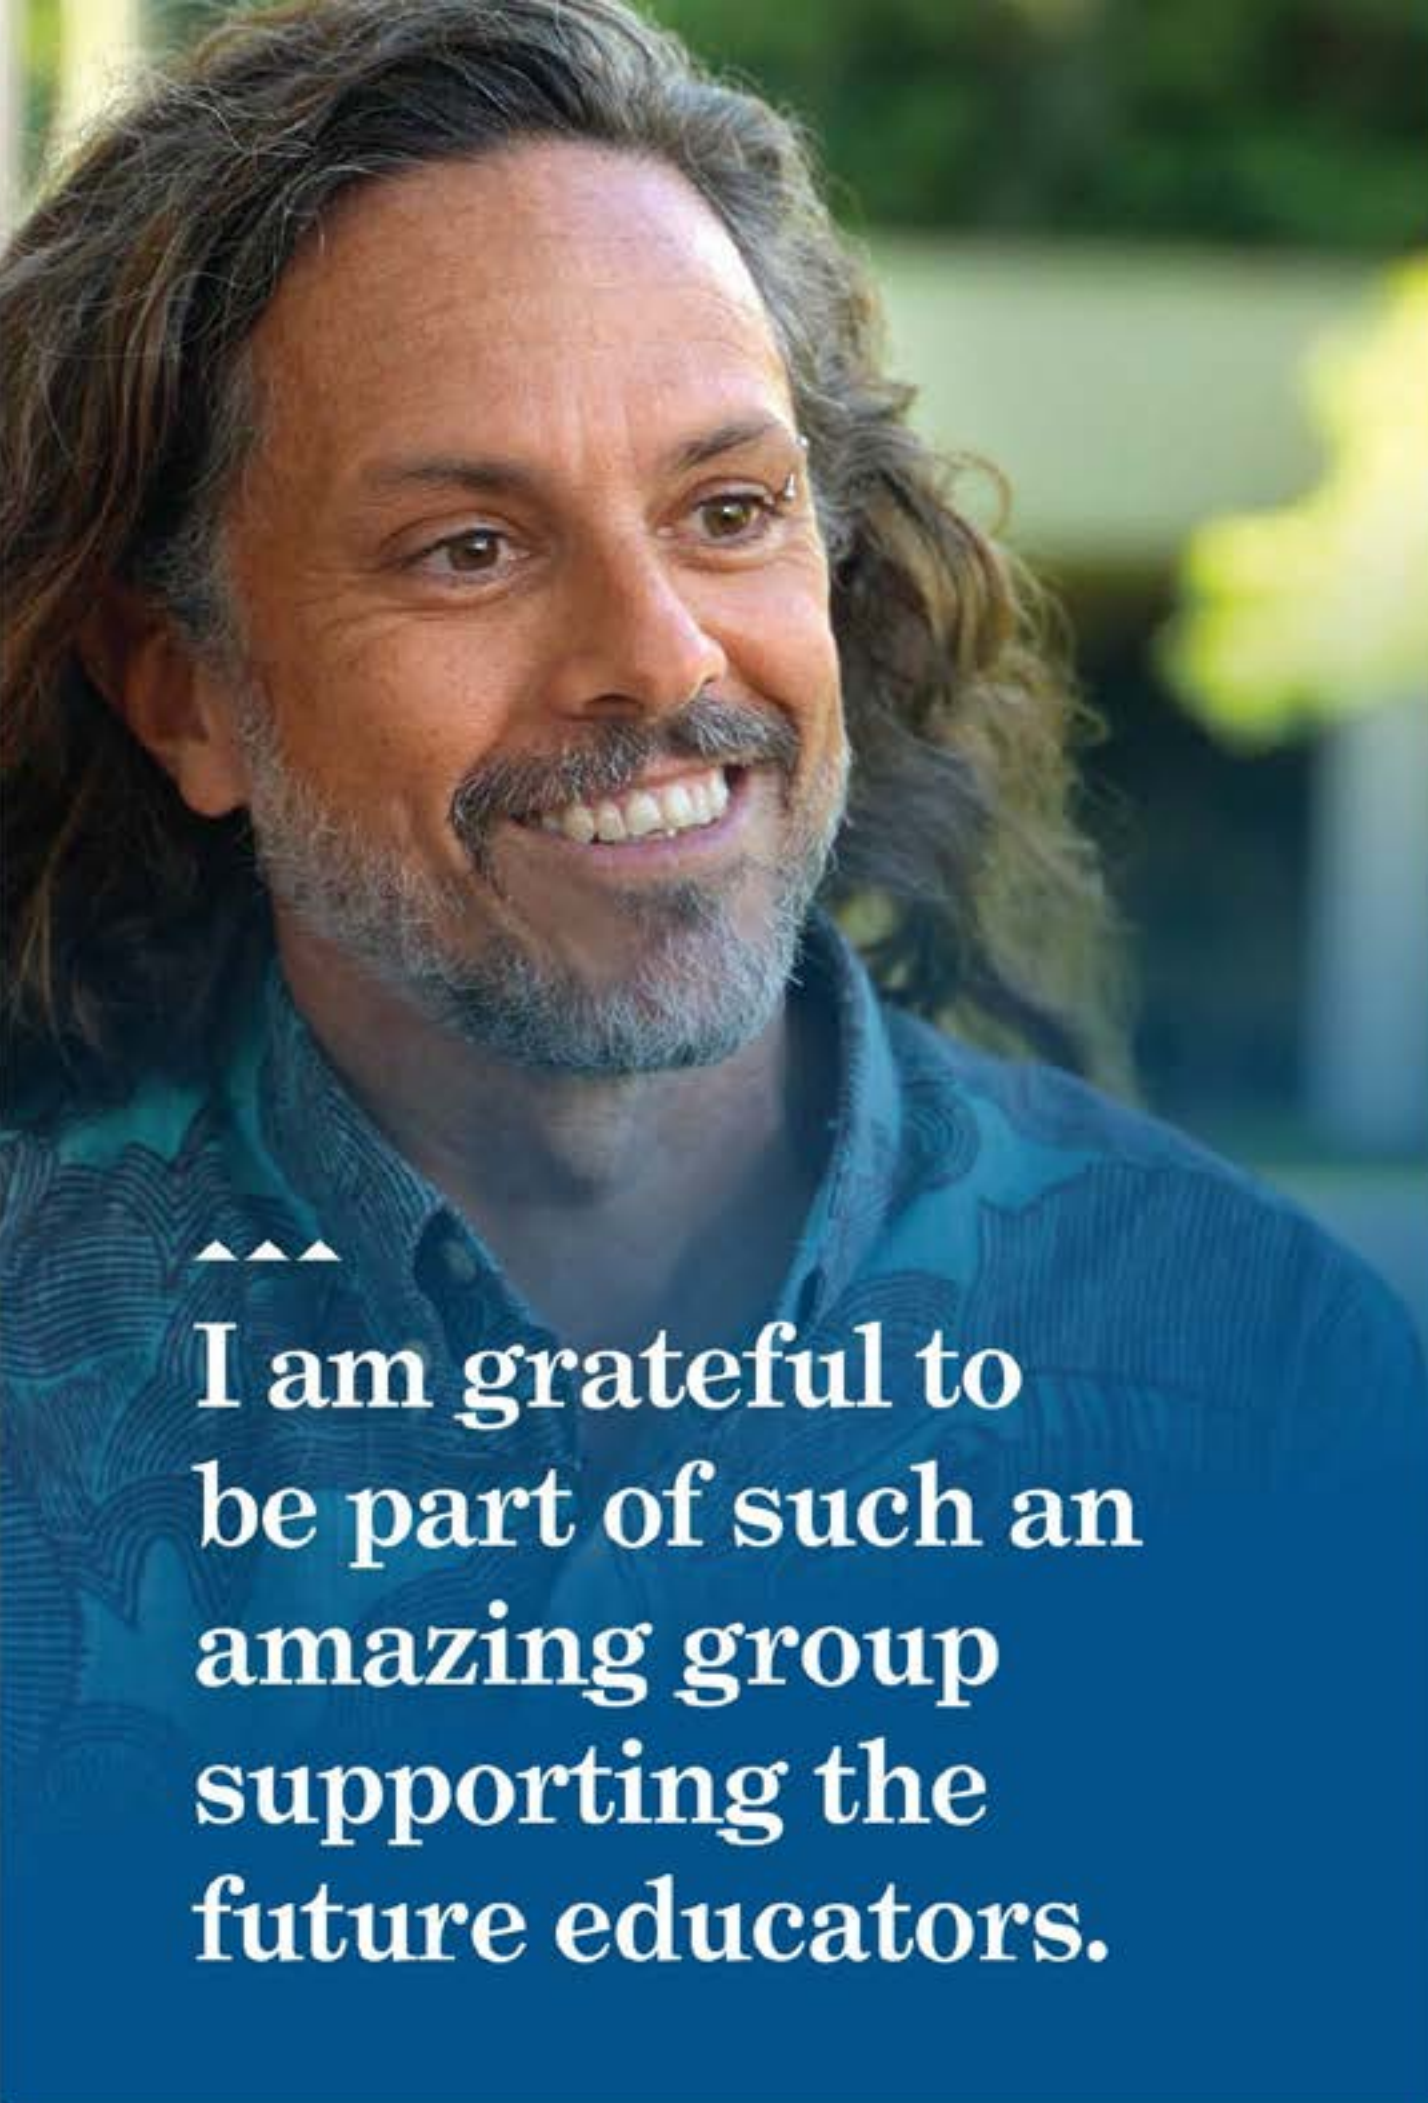

Qualify for all scholarships, including categories that give preference or are limited to HEA members and their dependents.

### Gain Access to Exclusive Discounts

Farmers Insurance Hawaii offers HEA members discounted rates on home and auto insurance. They will also cover the first year of dues for new members. Visit our website for more information.

**I am grateful to  
be part of such an  
amazing group  
supporting the  
future educators.**

“Part of HEA's mission is to celebrate and support teachers and the entire education landscape in Hawaii. Their support was invaluable to me and so many others as we pursued deeper knowledge, advanced degrees, or national certifications. I am grateful for that support and also for the opportunity to be part of such an amazing group supporting the future educators in Hawaii.”
